Full Stack Developer | UI/UX Designer
CSE Undergrad at NIT Patna

8235849155 | saimj.ug23.cs@nitp.ac.in | linkedin.com/in/saim-jawed

EDUCATION

National Institute of Technology, Patna   Bihar, India
CGPA: 8.12, Computer Science and Engineering   *August 2023 – June 2027*

SKILLS

Languages: C | Java | Python | JavaScript

Web/Frameworks: React | Next.js | Remix | Node.js | Express

Databases: MongoDB | MySQL | PostgreSQL

Tools: AWS | Selenium | Shopify | Figma | Blender | Photoshop | Linux

Others: HTML | CSS | GSAP | Git | Redux | Cloudinary | Nodemailer

PROJECTS

Instagram Analytics Tool (Social Crap)   August 2024
GitHub Repository: github.com/saim-jawed/Social-Crap

- Developed an automated Instagram scraper web app using Selenium integrated with Node.js that identifies the accounts of people who don't follow you back and also provides a Content Engagement Score.
- Frameworks and Languages used: **React**, **Node.js**, **Selenium**, **Express**, **MongoDB**, **Cloudinary**, **JavaScript**, **HTML**, **CSS**.
- Key Features:
  1. Built a dynamic website using 3400+ lines of React and 900+ backend lines for seamless user experience and efficient server-side operations.
  2. Facilitated seamless client-server data exchanges via API interactions, managing payloads up to 14 KB.
  3. Implemented OTP-based authentication, subscription-based access, and integrated MongoDB, Cloudinary, and Nodemailer APIs for backend services and media handling.

Portfolio Website   July 2024
Deployed Website: saimjawed.vercel.app

- Developed a modern portfolio website based on MERN stack fundamentals.
- Frameworks and Languages used: **React**, **Node.js**, **Express**, **MongoDB**, **JavaScript**, **HTML**, **CSS**.
- Key Features:
  1. Applied over 12,000 lines of CSS for smooth responsiveness across devices.
  2. Enabled dark/light themes with Redux and React hooks for personalized UI.
  3. Integrated 5+ micro-interactions and used MongoDB and Nodemailer for form handling.
